

## Information for the Charlie Davis Memorial field trip on the Blue Ridge Parkway:

Lots of birders for lots of birds, on the Audubon Blue Ridge Parkway Trip - 2013

The trip will carpool from the Highlands Town Hall Parking, leaving at **7AM sharp**. Please note that the time is earlier as we have a long way to drive and hope to avoid some of the traffic which builds up on the Blue Ridge Parkway as the morning progresses. Please call Romney Bathurst, 526-1939, or Brock Hutchins, 787-1387 if you plan to join the trip, and with further directions if needed, so that we can be sure not to leave anyone behind. Plan to bring a lunch and a beverage, as we will stop for a picnic along the Parkway. We should return to town around 2 to 3PM at the latest. Loaner binoculars will be available and Audubon members will be happy to help with field guides and logistics. There will be one or two short optional hikes, but most birding will be roadside. Come on along and grab the opportunity to see both birds and foliage at their Autumn best!
